

TOP HAT

Top Hat Classroom

Make every class feel intimate by leveraging students' devices to drive discussion, identify common misconceptions and get real-time feedback

IMPROVE STUDENT ENGAGEMENT

Top Hat Classroom helps you build student participation and comprehension

Organize your interactive course in one place

Manage all lecture materials and interactive questions for class online

Reward students for attending class

Using Top Hat Classroom allows instructors to automatically verify whether a student is physically present in class and auto-assign grades for attendance and participation

Motivate every student to participate

Create an engaging learning environment where every student, from the front to the back row, can participate and have a voice

Create a synchronous experience between instructor and student

Interactive teaching and learning come together in a synchronous experience

Instantly grade and assess student performance

Track student performance and automatically assign grading weight to interactive questions, attendance and participation, uploaded directly into the Top Hat Gradebook.
